Scarborough, Feb. 15, 1923.

TOWN CLERK'S REPORT.

To the Citizens of Scarborough :

I hereby submit to you a condensed report of the Town Clerk's office for the past year for your approval.

The annual town meeting was held on March 6, 1922.

Special town meeting was held May 24, 1922, to see if the town would vote to accept Pine Street, at Pine Point, as laid out by the Selectmen.

Primary election was held on June 19, 1922.

The state election was held on Sept. 11, 1922.

Special town meeting was held Sept. 16, 1922, to see if the town would vote to improve the Prout's Neck Road, from Prout's Neck to the State Highway, also to see if the town would vote to improve the State Aid Road No. 2, extending from Old Orchard town line to the State Highway at Dunstan.

At the several jurors' meetings the following were drafted : Harry W. Wade, G. Clifford Libby and George W. Stanford as traverse jurors of the Supreme Judicial Court; Christian Peter Nielson, Simon B. Carter and Eugene C. Skillin as traverse jurors of the Superior Court, and Ernest J. Libby as grand juror of the Superior Court.

There were 171 dogs licensed, as follows: 147 males and 24 females, also 4 kennels. Total receipts, \$307.00, which was paid to William Peterson, Treasurer.

SCHOOL REPORT.

Report of Superintendent of Schools.

To the Citizens of Scarborough:

During the past year progress has been made which is most encouraging. It was a year most gratifying as school years go, but rather than make us satisfied with things as they are, it has brought us to greater problems and should give us the courage and ambition to start on their solution. Our greatest problem, as it has been for the past few years, is the proper housing of our upper grades and high school. Thus I urge every citizen not merely to be satisfied with the achievements, but to note carefully, consider thoughtfully, and act wisely on the recommendations which I make in this regard later in this report.

OUR SCHOOL BUILDINGS.

Perhaps the greatest cause of gratification during the year has been the official announcement of Dr. Augustus O. Thomas, State Superintendent of Schools, that our North Scarborough school is entirely standard according to the State definition of the term. This includes, in addition to the building, the qualifications of the teacher and certain specified attainments of the pupils. The announcement was made after Dr. Thomas and Governor Baxter had personally inspected the school.

The new Dunstan school, with its modern equipment, has also attracted favorable comment from educators throughout the State. Dr. Thomas, at the dedicatory exercises, stated, "Men and women cannot build better monuments

than such institutions as this one, the benefit of which will last long and stay with the children all their lives." These exercises were attended by Governor Baxter, Dr. Thomas, and Hon. Augustus F. Moulton, all of whom spoke highly of our building.

In other elementary schools considerable progress has been made in carrying out our standardization program. Jacketed stoves have been installed at Black Point, Blue Point and Beech Ridge. The interiors of the buildings at Oak Hill and Beech Hill have been thoroughly renovated—painted and varnished. An unusual amount of unanticipated repair work, such as shingling the roofs at Blue Point, Oak Hill and Beech Ridge, has had to be done. The School Board is very anxious to extend improvements to all schools in the town as rapidly as may be allowed by the appropriations of the town.

In the high school, through the co-operation of pupils and the class of 1917, a science room has been built in the basement, thereby relieving some of the congestion upstairs and giving more adequate equipment for work in the sciences. This room has been equipped with laboratory table and proper plumbing facilities.

A first-class wagon for transportation of pupils in the Broad Turn district has been provided and is now working very satisfactorily.

IMPROVEMENT IN SCHOLARSHIP AND MORALE.

Interesting as these physical improvements have been, however, the improvement in scholarship and morale indicates more definitely the progress in our schools. We strive at and are succeeding in preserving an individual atmosphere in each school and in preserving the individual traits

of character of each pupil. Our students retain a genuine affection for the place in which they are receiving their education. We do not try to have absolutely uniform standards for pupils of different grades in the individual schools.

A distinct recognition of our scholastic attainments was the granting, during the year, of the certification privilege to our high school by the New England College Entrance Certificate Board. This means that for colleges which accept the recommendations of that board, our graduates may enter on certification of the principal that they have done satisfactory work and that they do not have to take examinations. This will be of real value to us, as more and more of our graduates are entering higher institutions of learning. An application has been made, as is the usual custom, to have this certification privilege extended for a three-year term.

Much of this improvement has been made possible by the retention of teachers of adequate training and experience. Of the fifteen teachers in our day schools, ten have had over five years of experience and only two are in their first year of teaching. All of the teachers have been most helpful and co-operative in working for the improvement of the schools, and to them I wish to express my heartfelt gratitude.

Another important factor in this improvement has been the careful and conscientious attitude of your School Board, who have thoughtfully decided each question presented to them and given the best of support at all times for each step along the path of progress.

To the School Board, other town officials, and citizens, I wish to express my appreciation for the continued support, confidence, and friendliness which has been shown me.

HEALTH PROGRAM.

During the past year we have been, as usual, giving the subject of health a very important place in our program. Our modern health provisions, now well established, appeal strongly to the pupils. A pupil in one of our schools recently wrote in a composition, "Our school does not have the 'Health Crusade' merely because other schools have it. We have it because it will help us to become healthier and better boys and girls. We believe that it is easier to form good habits when we are children than when we grow older."

Through the co-operation of the Cumberland County Health Association and the Scarborough Branch of the American Red Cross, we have been able to secure for a limited period, the services of Miss Mary R. Price, an experienced trained nurse. Through the combined efforts of our school physician, Dr. Benjamin F. Wentworth, and Miss Price, we are receiving service of the most valuable nature to our town.

EVENING SCHOOL.

Owing to the unusually severe winter, our evening school was late in getting under way, but in spite of this setback we are accomplishing much good. During the two years of the school the work of the pupils has been excellent. Several of the students who took the course in hygiene and home nursing passed the examination with very high grade and are certified to by the New England Division of the American Red Cross.

The classes as organized include:

Background of American History,	R. H. Colby.
Mechanical Drawing,	R. H. Colby.
Garment Making,	Marie P. Blackman.
Radio,	Clyde R. L. Snow.
Voice Culture,	Helen M. Dolley.

Other courses may be organized if the demand warrants.

GROWTH OF COMMUNITY SPIRIT AND SUPPORT.

It has been very gratifying to note a mounting community spirit of helpfulness in all districts. Many vexing problems have been solved through individual and community co-operation. Many improvements have been brought about by funds raised by pupils, teachers and citizens. The completion of the science room in the high school has already been mentioned. For this room valuable supplies were contributed through the efforts of Mr. W. E. Wing by the officials of the Waynefleete School. A piano, costing \$250, was purchased for the new Dunstan school through the co-operation of the community. In fact, every school community has done much toward helping its particular school.

All of this has been gratifying because of the willingness of the co-operation. Such projects increase our interest in our schools in addition to improving the equipment. It should be distinctly understood, however, that the spirit of the undertaking is as important as its achievement, and no one should feel the slightest element of forced co-operation.

WHAT NEXT?

As in previous years, the biggest obstacle to future progress is the lack of proper facilities for putting into effect the junior-senior high school plan for the six upper grades of the schools. The lack of an adequate building is thus not only a physical obstacle, but is also preventing the introduction of a more diversified program for those last years of the public schools which would result in more and better education for more of our boys and girls.

The need still exists. Adjustment of this problem will take time. This means the continual spending of more money for temporary benefits. Now is the time for all those

interested in the betterment of the schools to come together and through co-operation with the School Board to reach a correct solution and put it into effect. Let us not merely have the splendid community spirit around the individual school; let's combine those individual community spirits and tackle the big problem with a clear understanding and an energy which will work for effective settlement once and for all. The School Board stands ready to co-operate with any individual or organization for the settlement of the question.

I would recommend the use of the proceeds from the sale of the old Dunstan school plant for the start of a fund for the erection of the new building. Somewhat along this line, it is interesting to note that we already have a fund, obtained from the sale of hot lunches in the high school, which will be available for equipment or decoration of the new building. Of course contributions to that fund will always be welcome.

In the meantime, let us continue the financial support which will pay for those temporary expedients which we may find necessary, hold the gains which we have made, and advance the program of standardization in the common schools.

Also, as a final recommendation, I suggest that an appropriation be made which will give the schools and the town the use of a full-time nurse for the advancement of the health program which has been so splendidly started.

Clear understanding, not only of our problems but also of the work which is being done in the schools, is the basis of all permanent improvement. More citizens should visit the schools when they are in every-day operation. We know your good will from the things which have already been mentioned, but you do not know our good work. Your visits would not only increase your grasp on the educational problems, they

would also encourage pupils, teachers and administrators in their work day by day in every way to make the schools of Scarborough better and better.

Respectfully submitted,

F. H. B. HEALD,

Superintendent of Schools.

Report of High School.

To Supt. Frank H. B. Heald:

I herewith submit my second annual report as principal of Scarborough high school.

This year our enrollment is as follows: Seniors 11; Juniors, 7; Sophomores, 15; Freshmen, 28; total, 61. Our average attendance up to February 1 has been about ninety per cent., which is lower than usual, due to absences on account of sickness and the severe storms of the winter. The following students have not been absent, tardy or dismissed for the first half-year: Agnes Lund, Gladys Douglas, Martha Pillsbury, Stephen Larrabee, Mabel Libby, Clarence Nielsen, Walter Nielsen, Ina Sampson, Maurice Plowman, Fred Skillings, Elizabeth Knight, Elinor Lary, Margaret Urquhart and Ada Wentworth.

In April, 1922, Scarborough high school was recognized by the New England College Entrance Certificate Board as a school doing satisfactory college preparatory work, and a certificate privilege was granted us for one year. This privilege permits graduates in our college preparatory course to enter college on the certification of the principal without the entrance examinations formerly required. All of the high school teachers are working hard to maintain the high standard of work necessary to hold this privilege, and application

has already been made for a renewal of the certificate privilege for a period of three years.

There is an increasing tendency on the part of our graduates to enter advanced institutions of learning. We now have five graduates enrolled at Bates College, three at the University of Maine, one at Northeastern College, one at Nasson Institute, and several in normal school and business college.

A very important and helpful change has been made in our chemistry laboratory. Formerly all laboratory work has been done in one of our small recitation rooms, which also had to be used as a home room and as a domestic science room for the preparation of noon lunches. Last fall a room was built in the basement and a slate sink and a laboratory table installed. One-half the expense of this has been paid by the chemistry class and one-half by the Class of 1917, who have contributed forty-four dollars for use in our science department.

Under the direction of Miss Bryant, a school orchestra of seven pieces has been formed and has performed very creditably at some of our school functions.

Once again I urge that the citizens of Scarborough show their interest in the school and its work by visiting us more. But one citizen has visited us during the school year. Pupils and teachers alike need the stimulus which comes from frequent visits by parents and friends.

In conclusion, I wish to thank the Superintendent and the Superintending School Committee for their help and support in the administration of my duties.

Respectfully submitted,

ELWOOD G. BESSEY.

AUDITOR'S REPORT.

SCARBOROUGH, ME., Feb. 15, 1923.

I have examined the accounts of the several town officers for the year ending Feb. 15, 1923, and find them correct, as shown by this report.

All orders drawn during the year have been paid, showing a balance in the treasury of two thousand seventy-nine and 68-100 dollars (\$2,079.68).

FRED F. HARRIS,
Auditor.

WARRANT.

To William G. Sherman, a Constable in the Town of Scarborough, in the County of Cumberland:

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Scarborough, qualified by law to vote in town affairs, to meet at the Town Hall in said town, on the fifth (5th) day of March A. Art. 48. To see what compensation the town will vote Road Commissioners for the ensuing year.

ART. 49. To see if the town will authorize the Selectmen to procure the necessary money to meet the obligations of the town, incurred by acceptance of previous articles, and to hire money, if necessary, for the ensuing year.

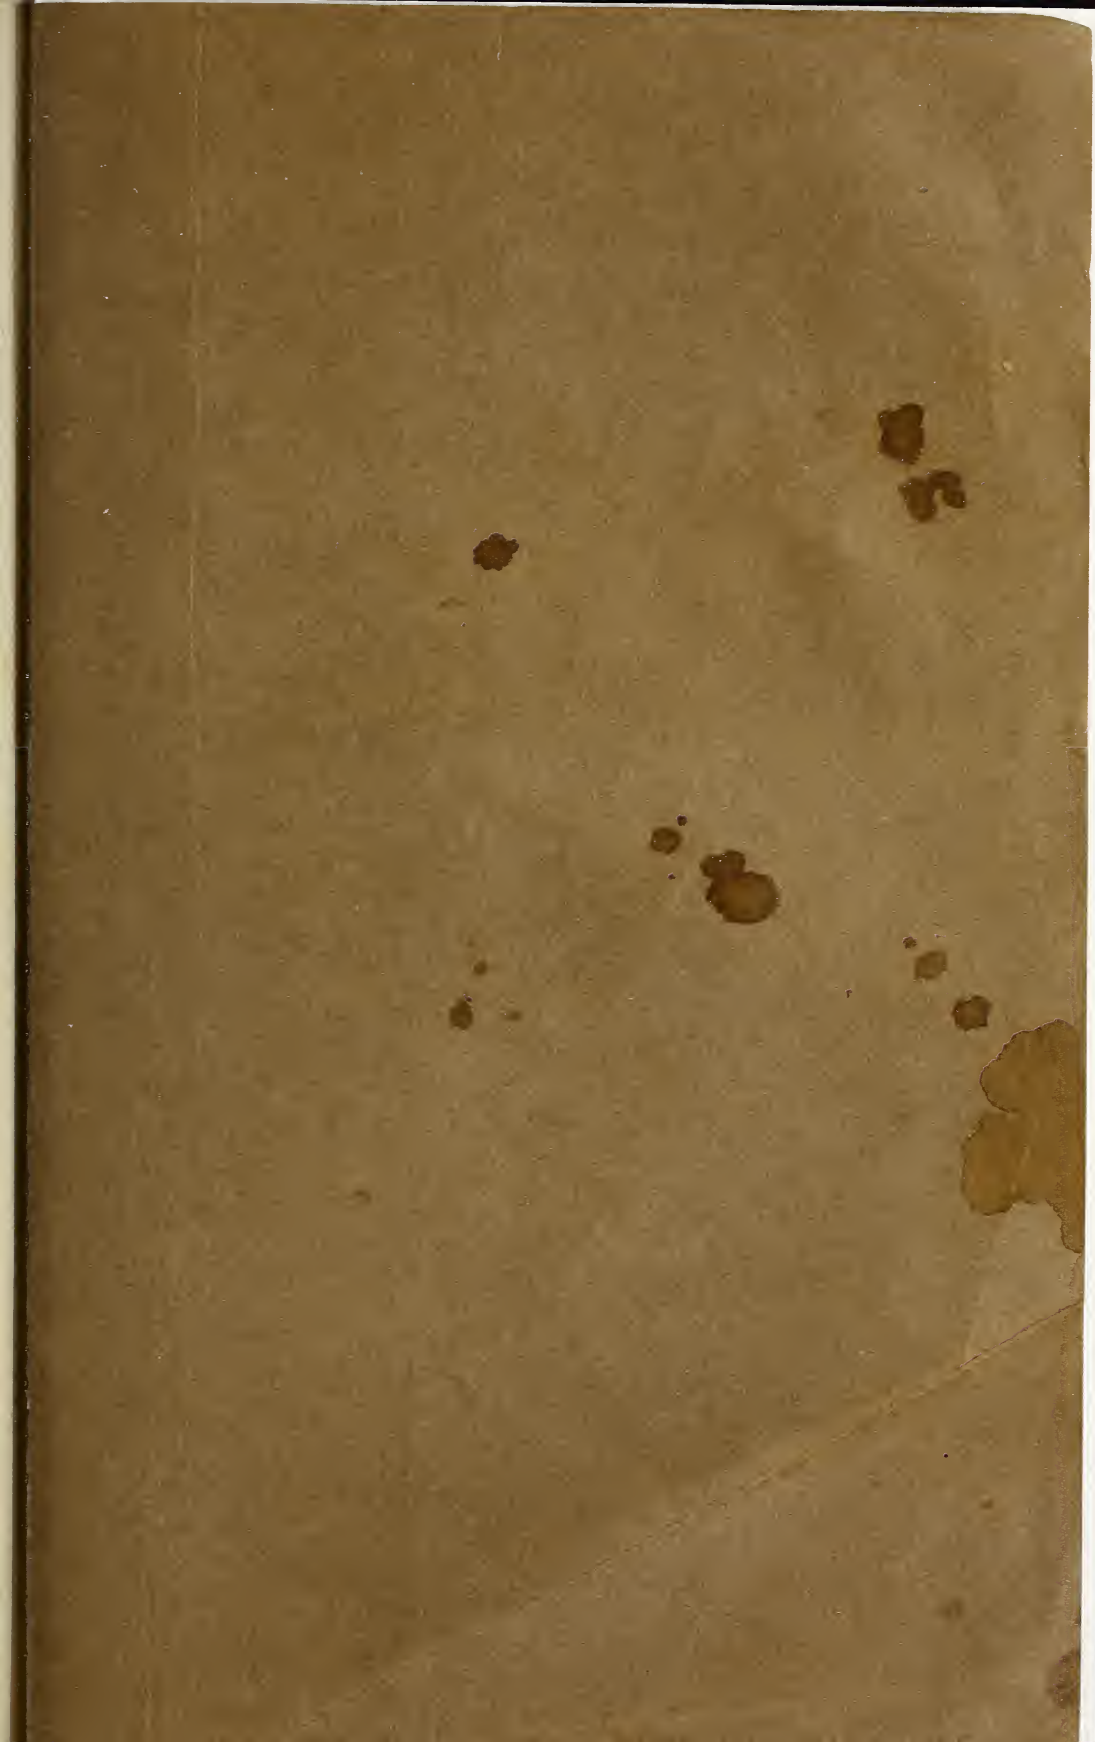

The Selectmen hereby give notice that they will be in session at the Town Hall on the 1st, 2nd and 3rd days of March, 1923, from 10 A. M., to 4 P. M., for the purpose of correcting the check list.

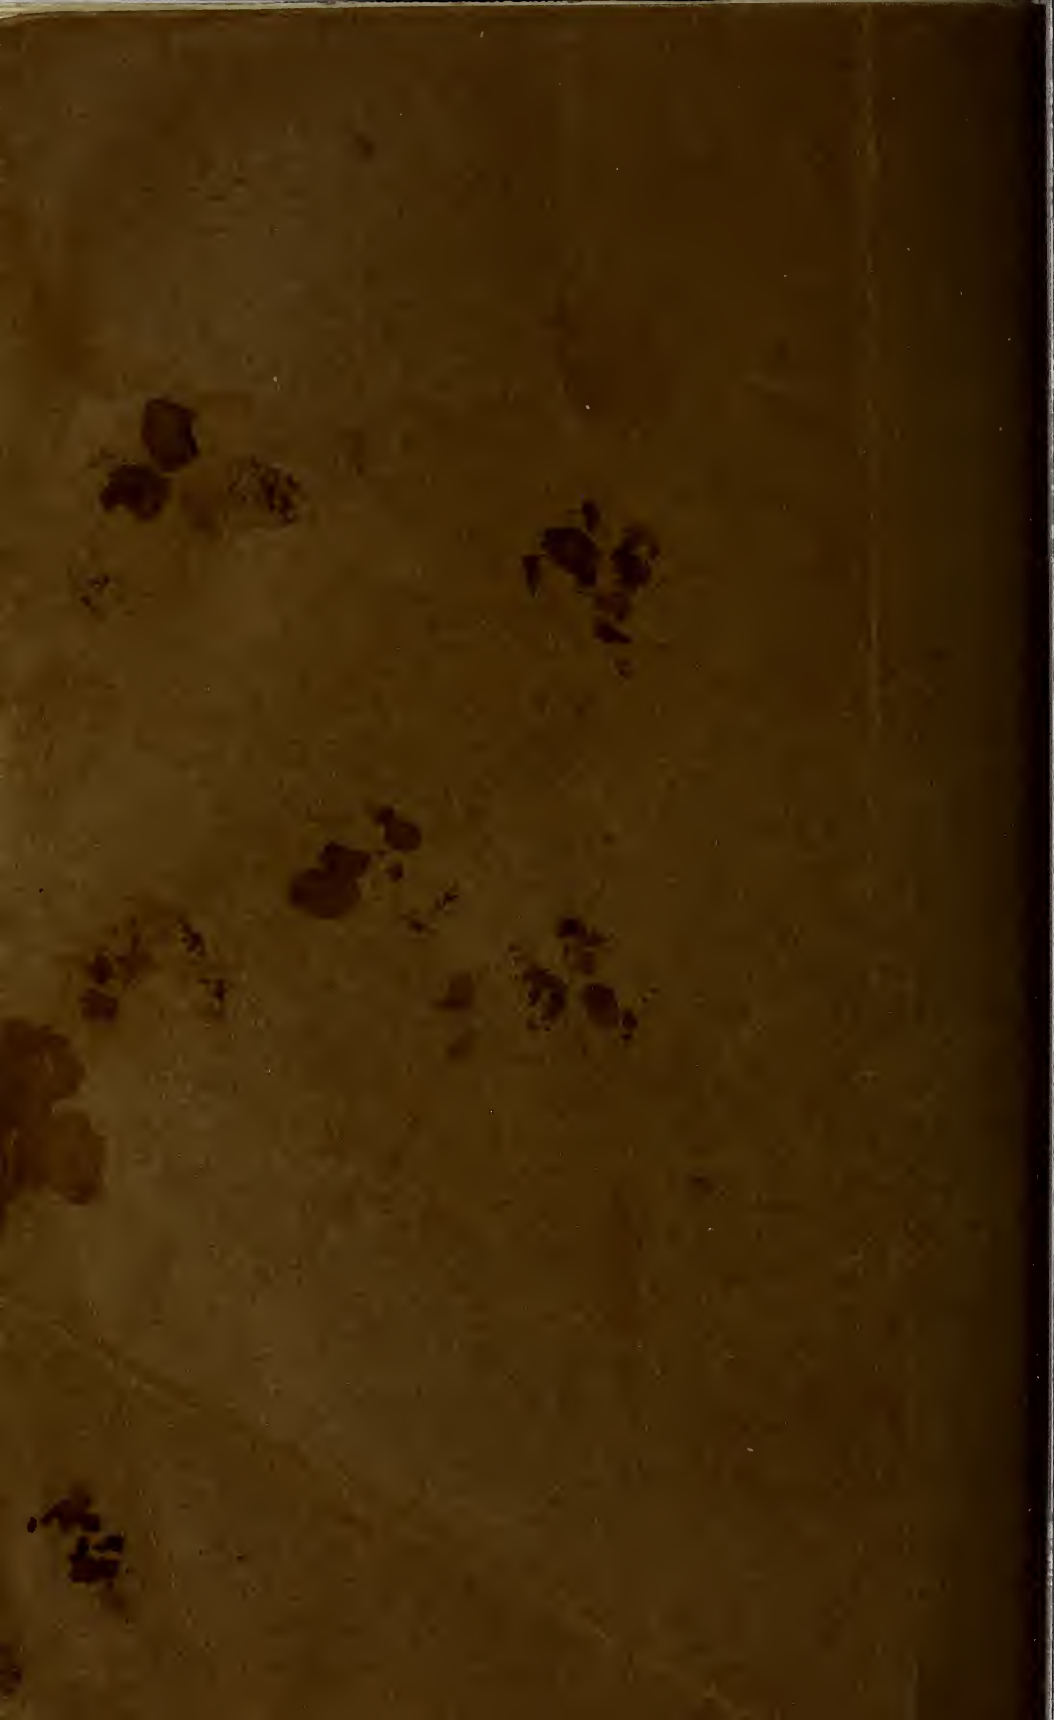

Given under our hands at Scarborough, this twentieth day of February, A. D. 1923.

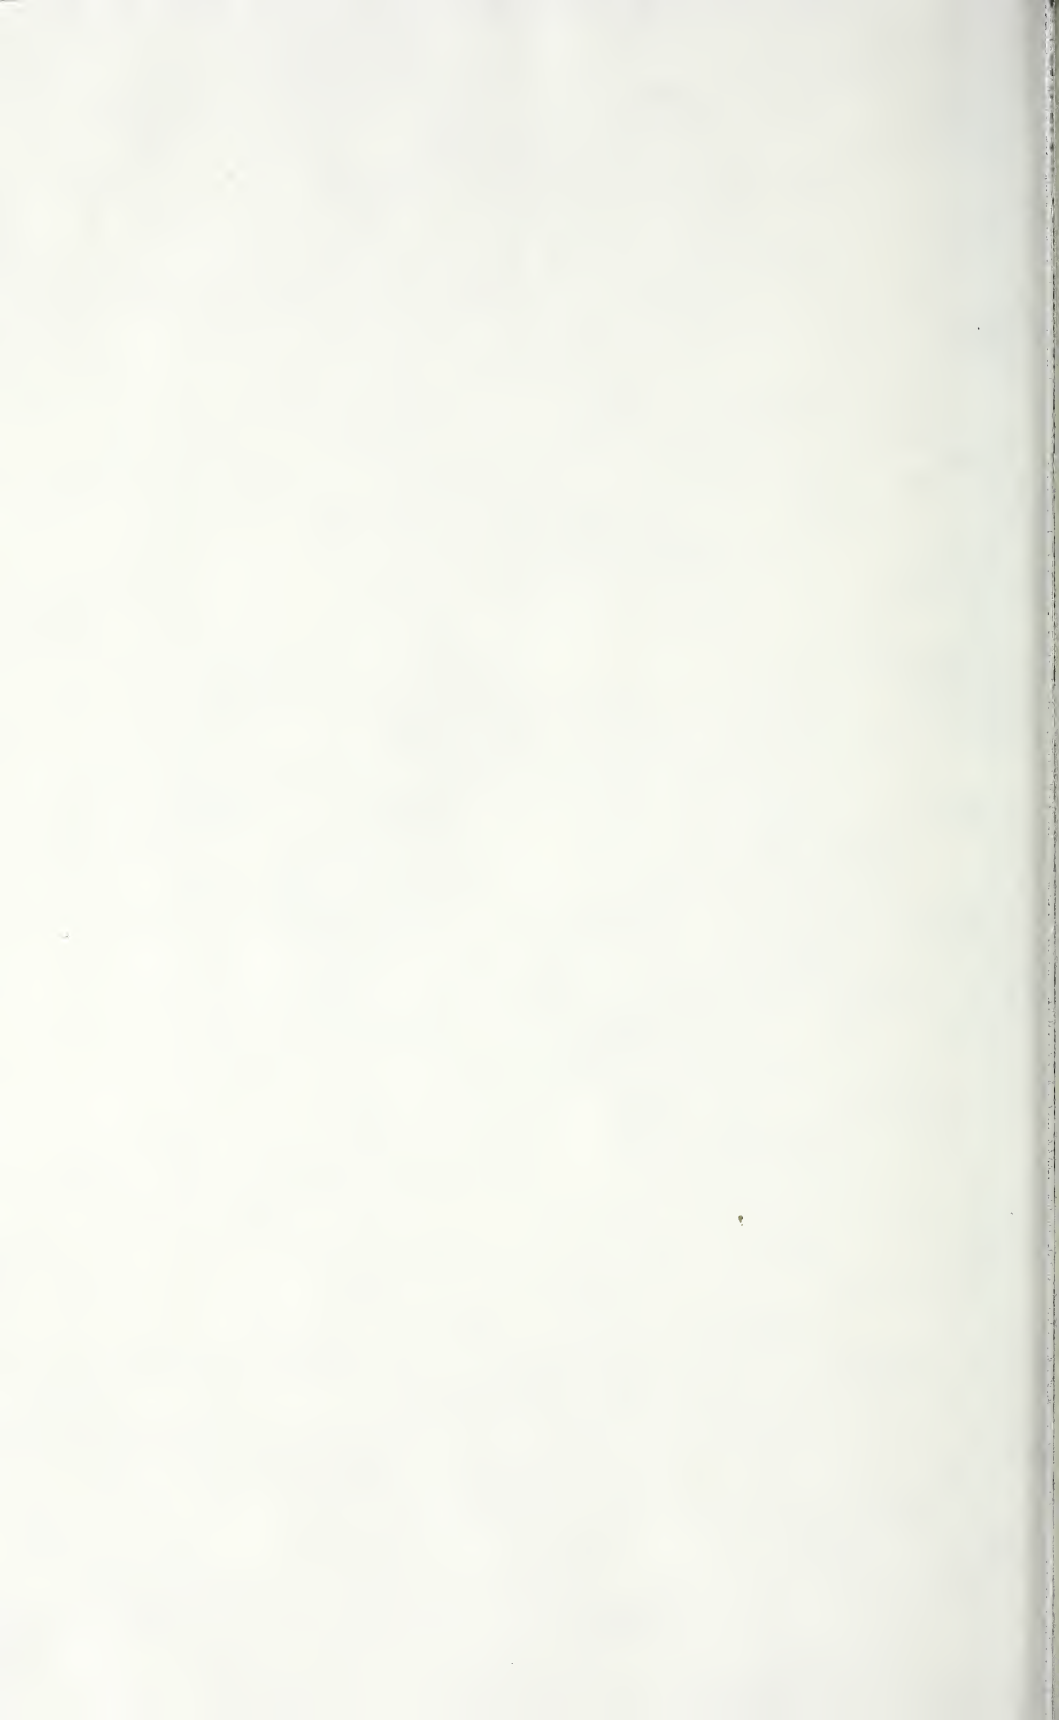

RALPH L. DEERING,
LEONARD R. SKILLIN,
CHARLES P. NUTTER,

Selectmen of Scarborough.
